HomeGard Raised Panel Shutters

Inspired by New England colonial architecture, LAS HomeGard Raised Panel shutters are capable of completely blocking outside elements. As a result, these shutters are ideal for energy savings and hurricane protection. Custom manufactured for your home, LAS Raised Panel shutters provide the same beautiful look of wood, without the maintenance.

- Guaranteed to never rot or warp
- Improved insulation from heat and cold weather when closed
- Easy Operation
- Powder coated finish with color options available
- Great alternative to Vinyl Shutter that crack and warp over time
- LAS Proprietary Designs
- Virtually Maintenance Free

Options: Decorative, Non-rated Operable, and Rated Operable
Size restrictions may apply.

Custom made to fit your specifications
